

GUTTER **ROOF**

"Put A Roof Over Your Gutters"

Your Home...

**...your largest most
valuable investment.**

Your Gutters Are Designed To Fail

WATER FOLLOWS THE SURFACE OF OBJECTS IT FLOWS OVER.

IF THAT SURFACE IS YOUR ROOF IT FLOWS DOWN
BEHIND THE GUTTERS BETWEEN YOUR SOFFIT
AND FASCIA AND BEHIND YOUR SIDING.

IF THAT
SURFACE IS
A GLASS
IT FLOWS
DOWN THE
GLASS AND
THEN ONTO
THE NEXT
SURFACE IT
CAN CLING
TO, YOUR ARM.

Water Management

AVERAGE RAIN FALL

Over 28,000,000 cubic inches of rain flow off of the average 30 square roof each year. That's over 120,000 gallons.

Your Gutters Are Designed To Fail

THIS HOUSE SUSTAINED SO MUCH WATER DAMAGE THE SIDING NEEDED TO BE REPLACED!

**MOLD & MILDEW
IN THE ATTIC**

CRACKED FOUNDATION

ROTTING WINDOWS

**ROTTING SOFFIT
& FASCIA**

INSECT INFESTATION

Avoid These Problems...

The Icicles have actually formed behind the gutter, soffit, and siding.

The gutter fell off this home due to the weight of debris and ice in the gutter.

**Who Cleans
Your Gutters?**

How High Is Too High?

- Most ladder related injuries occur within 2 feet of the ground.
- If you fall from a height of 20 feet have a 50% chance of dying.
- The National Safety Council reports that during 2002, “falls” were the second leading cause of unintentional death.
- Falls are the second leading cause of injury death for ages 55-79, but become even more prevalent for individuals over the age of 80.
- Falls account for 50 percent of all injury deaths in individuals over 65.
- 222,000 people visit the emergency room each year because of accidents involving ladders.
- There is a fatal injury every 16 minutes and a disabling injury every 4 seconds due to falls.

Avoid These Problems...

If you have someone clean your gutters they could do damage to your roof.

Volume Stealer Systems

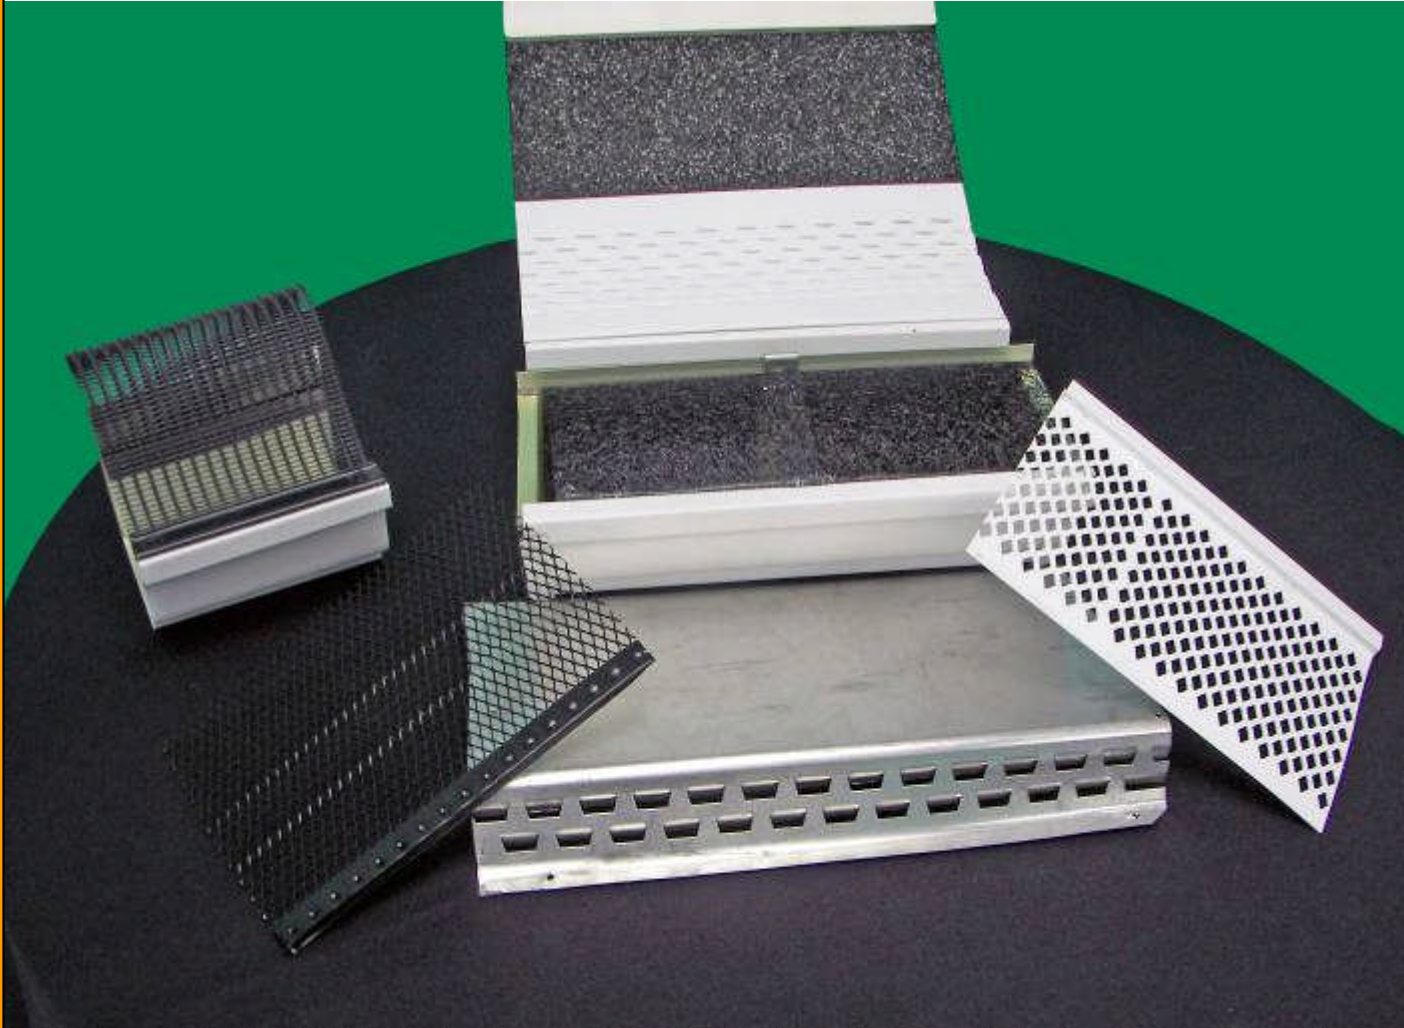

Some products are designed to be placed inside your gutters...

...but they decrease the volume of water your gutters can handle.

Mesh Systems

Mesh Systems

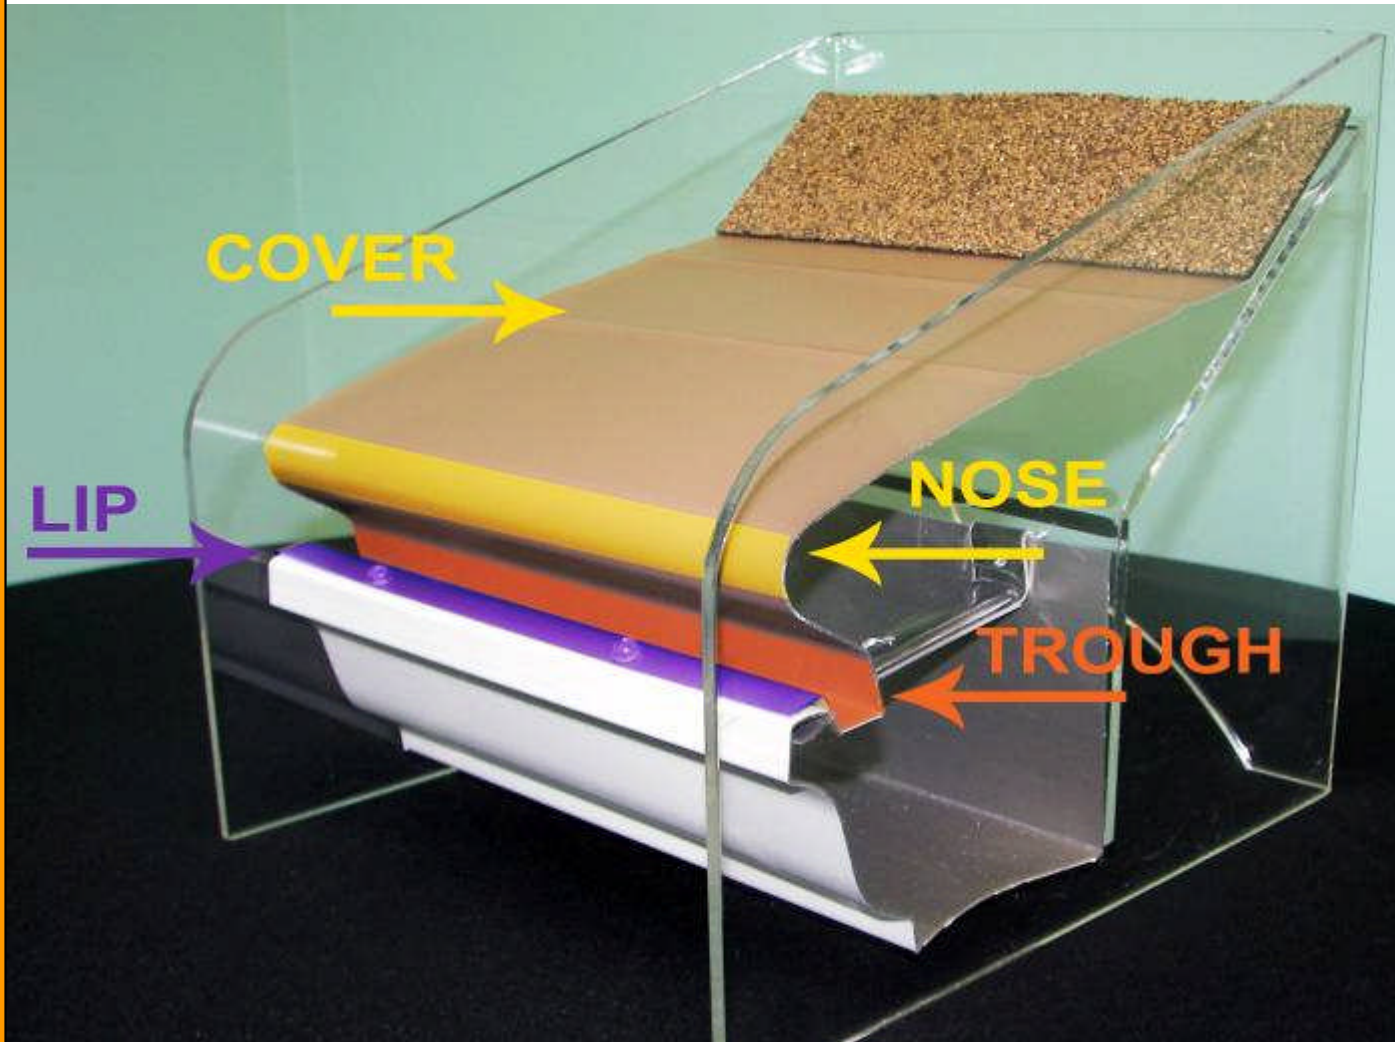

What Is Surface Tension?

Water molecules cling together creating water surface tension.

Anatomy Of A Dome System

November 19, 1993

UNITED STATES PATENT OFFICE, CIRCA 1880

October 17, 1995

CERTIFICATE FOR UNITED STATES PATENT

Commissioner of Patents and Trademarks has received an application for a patent for a new and useful invention. The requirements of law have been complied with, and it has been determined that a patent on the invention shall be granted under law. Therefore, this

UNITED STATES PATENT

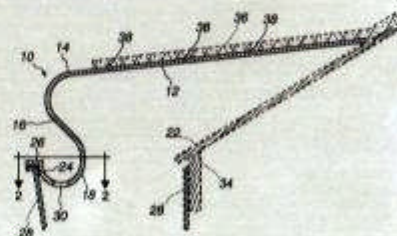

Grants to the person or persons having title to this patent the right to exclude others from making, using, selling or importing the invention throughout the United States of America for the term of seventeen years, or twenty years if filed on or after June 8, 1995, from the filing date of this patent, subject to the payment of maintenance fees as provided by law.

Lifetime Material Warranty

Gutter Roof warrants to the original consumer purchaser that the Gutter Roof gutter protection system covered by these warranties will be free of defects due to faulty material or workmanship for the lifetime of the original consumer purchaser of the Gutter Roof, under normal use and maintenance, normal exposure to sunlight, temperature, and other natural elements, and subject to the exceptions, limitations, disclaimers, and other terms and conditions contained in these warranties. This warranty is transferable to the new homeowner, if purchased from the original warranty owner.

Lifetime Performance Warranty

The installing dealer warrants to the original consumer purchaser of the Gutter Roof System covered by this performance warranty that Gutter Roof will keep gutters free flowing, subject to the exceptions, limitations, disclaimers, and other terms and conditions contained in these warranties. Free flowing is hereby defined as the movement, or the act of flowing, rinsing, or circulating of rainwater. The Gutter Roof System is engineered to transfer all but inconsequential droplets of run-off water into the gutter when properly installed and properly attached to your home without damaging the integrity of the structure. The Gutter Roof System may be installed over or under the shingles as per factory specifications. This warranty is transferable to the new homeowner, if purchased from the original warranty owner.

Conditions

It is a requirement that gutters and downspouts be thoroughly cleaned, gutters properly aligned, and sloped, and all downspout screens removed at the time of installation of the Gutter Roof System.

Warranty Service

Any claim for performance failure or defects under this warranty must be submitted to the installing dealer for service and resolution. All claims must be submitted within the warranty period, promptly after discovery of the claimed defect, describing the defect claimed, and referring to the date of installation and proof of purchase. Reasonable time should be allowed for inspection purposes. Service calls for non-warranty repair or adjustment may result in a service charge.

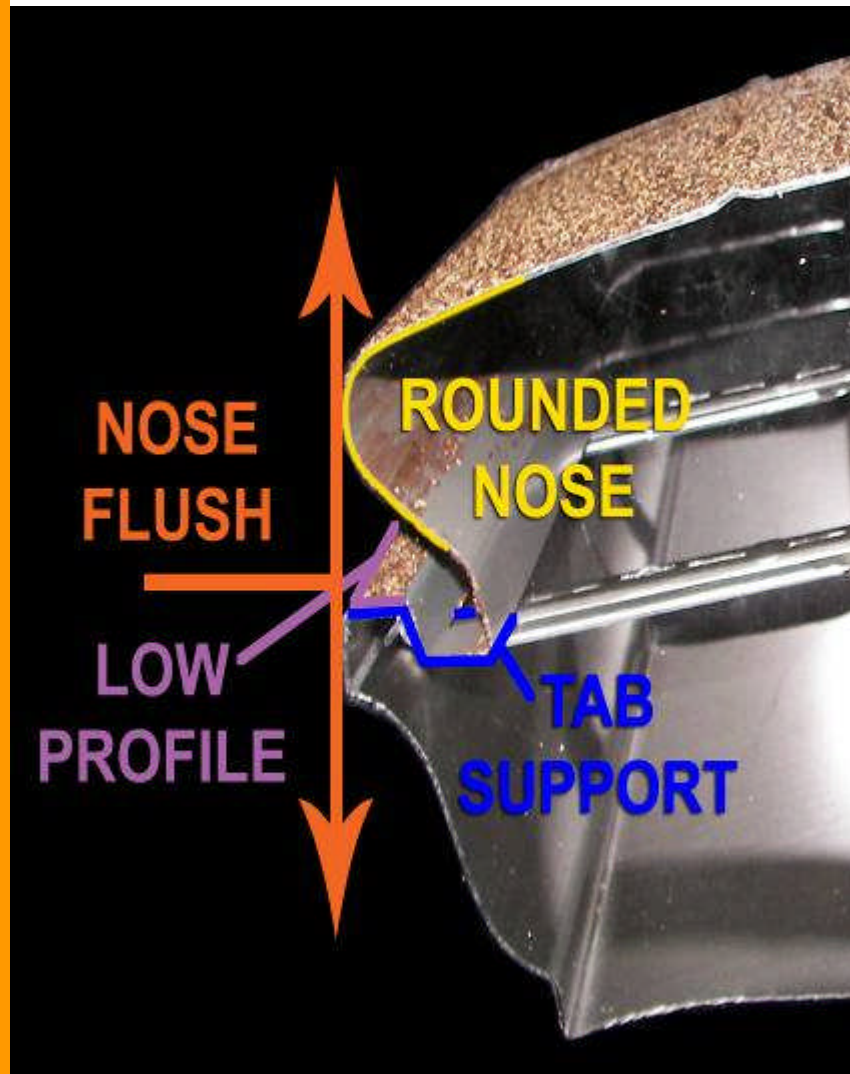

Exclusion to Warranties

This warranty does not cover any other damage or material failure including, but not limited to, damage cause by occurrences beyond the control of Gutter Roof such as the settlement of the building, use of incompatible accessories, normal weathering, chemical pollutants, fire, flood, lightning, windblown objects, earthquake, hurricanes, icicles and/or ice storms, weather of catastrophic nature as defined by the U.S. Weather Bureau, other acts of God, intentional acts, unreasonable use or failure to provide reasonable maintenance, the quality of the atmosphere, and other local factors. Painting the specially coated Gutter Roof System will void this warranty. **Adjustment or tampering with the custom engineered Gutter Roof System by unauthorized contractors (painters, roofers, etc.) or misalignment caused by ladders placed against gutters or Gutter Roof System will void these Warranties. Contact your Gutter Roof Representative for an estimate regarding any work that may involve the Gutter Roof System.**

Removal and Reinstall

Installing, adjusting or tampering with the custom engineered Gutter Roof System by unauthorized contractors (painters, roofers, etc.) or misalignment caused by ladders placed against gutters or Gutter Roof System will void these Guaranties. An authorized dealer must remove and reinstall the Gutter Roof system and reserves the right to charge a fee to cover overhead involved with removal and reinstallation.

What Makes An Effective System?

- ✓ **WATER MANAGEMENT**
 - Rounded Nose**
 - Roof Granule Finish**
- ✓ **NO CLOGGING**
 - Nose Flush**
 - 7" Slots**
- ✓ **STRUCTURAL INTEGRITY**
 - Metal Alloy**
 - Thickest Panel Available (Roof)**
- ✓ **NO MAINTENANCE**
 - Design In Use Since 1993**
- ✓ **CURB APPEAL**
 - Low Profile Mount**
 - Roof Granule Finish**
- ✓ **COMPANY CERTIFICATION**
 - Manufacturer Offers Factory Certified Training**
- ✓ **COMPREHENSIVE WARRANTY**
 - Double Lifetime Guarantee**
